### Notes:

- This typical plan for 2 years is only a guideline. Students may opt to complete the program in as short as 1.5 years or complete the program in more than 2 years.
- The first year, students in both tracks take the same courses. At the end of the first year (Spring), students select which track to pursue (professional or research) based on their performance, interests, and faculty advice.
- Electives may be taken during the first year and during summer.
